

**Cornelia Drive Sidewalk
(W. 66th Street to W. 70th Street)**

September 8, 2015

Dear Resident:

The Cornelia Drive sidewalk design is nearly complete. The entire sidewalk is located on city property. However, to create smoother transitions to existing driveways, some of the construction limits are on private property. Where these transitions occur, a temporary construction easement is required. A temporary construction easement is a document that allows the City to work on your property in order to provide a better project to you.

I would like to discuss the details of the project with each property owner. I have had conversations with some already but if we have not talked during the past few weeks, please contact me at 952-826-0318 or cmillner@EdinaMN.gov to discuss your questions or concerns.

Sincerely,

A handwritten signature in black ink that reads "Chad A. Millner".

Chad Millner, P.E.
